The artwork features bold, expressive brushstrokes in various shades of green, yellow, and blue, creating a dynamic and layered composition. The strokes are thick and textured, with some areas showing more intense colors than others. The overall effect is one of movement and energy. An abstract painting on a fabric surface, featuring a complex interplay of colors and textures. The palette is dominated by shades of pink, magenta, and orange, with areas of white and light yellow. The brushwork is visible, creating a sense of movement and depth. There are several small, irregular tears or holes in the fabric, particularly along the central vertical axis, which add to the aged and worn appearance of the artwork. The overall effect is one of organic, layered beauty.
